Reviews

An incredibly wonderful ebook with perfect and lucid explanations. I really could comprehend every little thing using this written e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Not illustrated. 1913 Excerpt: .the highest advisory authority for the various ministries and other departments of the central administration, and to it must be submitted all matters of importance for the public health service or for the subordinate medical and pharmaceutical assistants, midwives, etc.; that is to say, all proposals for new laws and by-laws, all plans for hospitals, insane asylums, other sanatoria, and institutions under the poor laws, as well as the regulations for them. This board receives all applications for appointments as public medical officers (State officials) and all applications for apothecaries licenses (only a limited and rarely increased number of which are available in Denmark), and it recommends which applicants are to be preferred. It proposes the establishment of new apotheks, 2 has the supervision of the moving of already established ones, and it annually fixes the price of drugs. Further the State board of health has to survey the enforcement of medical and sanitary laws and regulations generally, correct and advise the public medical officers in the performance of their professional duties, call the attention of the civil authorities to transgressions of the medical and sanitary laws, and if necessary make suggestions to improve the conditions. A further duty is to spread hygienic information amongst the population. The board receives reports on diseases prevailing, and on sanitary conditions, from the public medical officers, hospital practitioners, and the general practitioners, and treats these reports comprehensively in a special medical statistical bureau of its own, giving a synopsis...
