Enter the age of technology and the concept of online dating. Claudia and Leslie are two baby boomers who have been best friends for as long as they can remember. They were there for each other every step of the way through grade school, junior high, high school and college, getting married, having babies, and, yes, getting divorced. In the blink of an eye, within a year apart, they were faced with the grim realization that they each had to take on the role of a single parent, and eventually face the scary concept of dating again. Share in the laughter of two best friends warm and funny stories of nearly fifteen years of online dating. Their stories reach beyond gender and age. // and leslie.
